Call

Karl Environmental Group  
**1-800-527-5581**

Assessing and documenting workplace exposures and hazards is not only required by Federal Law but is also a smart business practice. Implementation of a strong comprehensive Industrial Hygiene and Safety Program has far reaching benefits, some of which are to:

- Avoid OSHA citations and fines
- Reduce the extent and severity of work-related injuries/illnesses and their related costs
- Increase productivity rates
- Lower workmen's compensation insurance premiums
- Improve employee morale

Working with you, **Karl Environmental Group's** professional staff will perform a detailed survey to anticipate, recognize, evaluate, and recommend controls for environmental and physical hazards that can affect the health and well-being of employees, while at the same time meeting requirements for compliance with OSHA and state regulations.

**Karl Environmental Group** industrial hygiene services include:

- **OSHA Personal Sampling**
- **Noise Testing**
- **Respirator Fit Testing**
- **Silica Air Sampling**
- **Welding Fume Air Sampling**
- **Hazard Communication "Right to Know" Training**
