Call

Karl Environmental Group  
**1-800-527-5581**

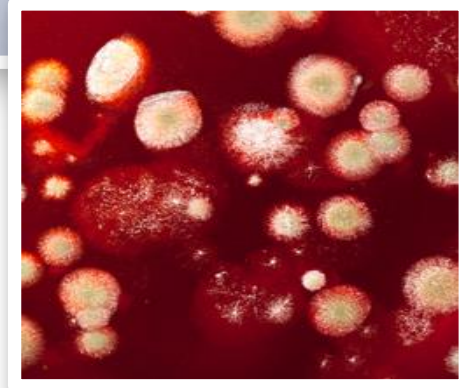

Mold is a common complaint of property owners due to its prevalence in our environment. **Karl Environmental Group** is able to address any concern regarding mold from sampling to clean-up. With the knowledge and training that places us at the forefront of the environmental field, we are confident we can provide you with quality information and efficient work.

If there is a known problem, **Karl Environmental Group** has the experience and training to take care of any mold issues that may be a concern without spreading mold spores to uncontaminated parts of the property.

Moisture problems in a property can lead to mold issues in a very short period of time. If there is a question as to whether excess mold is present, or what kind of mold is growing, our professional staff offer both air and surface sampling.

**Karl Environmental Group** mold services include:

- **Air and Surface Sampling**
- **Moisture Mapping**
- **Water Intrusion Inspections**
- **Mold Inspections**
- **Mold Remediation**
- **Thermal Imaging**
