The New Jersey Right to Know Act was passed into law in August 1983 and became the Hazardous Communication Standard in 2001.

The New Jersey Right to Know program is co-administered by the New Jersey Department of Health and Senior Services, the Department of Labor, and the County Lead Agencies.

Karl Environmental Group professionals are fully qualified to perform the training required by the State of New Jersey under the Hazardous Communications Standard. Our professionals will perform on-site training at your facility in addition to conducting Right to Know surveys and updates.

Karl Environmental Group Right to Know services include:

- Facility Inventory
- Facility Survey
- Survey Updates
- Annual Reporting
- Chemical / Product Labeling
- Central File Review
- Chemical Disposal Survey
- Material Safety Data Sheet (MSDS) Acquisition
- Hazardous Substance Fact Sheet Acquisition
- Initial Training
- Bi-annual Education & Trainer Refresher

Speak to Karl Environmental Group today to see how we can help you meet your New Jersey Right to Know Act requirements!
